

Our investors

Cinven has a well-diversified, global institutional investor base, consisting mainly of pension funds, sovereign wealth funds, insurance companies, endowments and foundations, and family offices.

We view our investors (Limited Partners or LPs) as long-term partners, and we cultivate our relationships with them with transparency, dedication and care.

While our relationship is with our global institutional investor base, we are highly cognisant of the impact our performance has on the ultimate beneficiaries of these funds, such as savers and individuals paying into their retirement funds.

Our latest fund, Fund 6, has €7 billion of capital and an investor base comprising more than 90% of existing investors in prior Cinven funds.

We seek to build lasting relationships with our LPs. This is evidenced by the fact that two of our original, pre-1995 pension fund investors – British Coal and Oak Pension Asset Management (formerly Barclays Pension Fund) – have invested with us for more than 20 years. In addition, we actively develop new long-term relationships with LPs across the world.

Our Investor Relations and Fundraising team (IR team) is a group of senior individuals with investment and/or operational experience. The team members serve as key points of contact between Cinven and its LPs, and they strive to uphold the highest standards of communication across all interactions with LPs.
